No. 3420/36. I.
Public Works Department,
Bombay Castle. 10th June 1939.

Memorandum.

Subject:- Expenditure on behalf of other Divisions for supply or transfer of articles of tools and plant.

The undersigned presents compliments to the Superintending Engineer, Northern Circle and with reference to his letter No.G.117/2716, dated 25th March 1939 on the subject noted above is directed to state that the proposal for fixing a monetary limit of Rs.50 a year for each Executive Division to incur petty and incidental expenditure upto Re.1 in each case for supply or transfer of articles of tools and plant to other Divisions is sanctioned.

2. The above precedure for incurring expenditure on supply or transfer of articles of tools and plant should not apply to the Mathematical Instrument Depot and other concerns the accounts of which are maintained on commercial lines. In such cases the incidental charges relating to the supply or transfer of the articles should be borne by the Divisions to whom the supply is made- vide Rules II and VIII of Appendix 6 to the Civil Account Code, Vol I.

By order of the Governor of Bombay,

Sd/-
(U.N.Mahida),
Deputy Secretary to the Government
of Bombay, Public Works Department.

D.A.- Nil.

Copy with copy of the letter replied to forwarded, with compliments to :-

the Superintending Engineers of Cirlces (excluding the Superintending Engineer, Northern Circle),
the Executive Engineers of Divisions,
for information and guidance.

Copies forwarded, with compliments, to :

the Finance Department,
the Accountant General, Bombay,
for information.

*Printed on the reverse.

contd....

Copy of letter No.G. 117/2716, dated the 25th March 1939, from the Superintending Engineer, Northern Circle, to the Secretary to Government, Public Works Department, Bombay, Re: Expenditure on behalf of othe Divisions on account of supply or transfer of certain articles from tools and plant.

I have the honour to refer to Government Memorandum, P.W.D., No.8592/27-I, dated 28th April 1934, and to state that in the circumstances stated in the correspondance noted in the Margin, copies attached, it has become necessary to approach Government to fix a monetary limit upto which petty and incidental expenses incurred by or on behalf of other Divisions in connection with transfer or supply of toolsand plant articles are to be borne by the Division concerned. It also appears that the orders contained in the Government, Memorandum referred to above do not apply to Mathematical Instrument Depot as it is run on commercial basis - vide para. 2 of the Executive Engineer, Irrigation Research Division's letter No.640, dated 8th March 1934 accompanying the Government Memorandum. The petty and incidental expenses in connection with the supply from the above Depot do not therefore fall on the supply Division viz. Presidency Division. However, the Executive Engineer, Presidency Division was asked to report the probable amount involved annually on the basis of past 3 years average, if petty expenditure in connection with the articles partaining to the Mathematical Instrument Depot is to be incurred by his Division upto a limit of Rupee one in each case for each item. He reports that the probable amount will accordingly be Rs. 50 in each year.

1. Executive Engineer, Surat and Broach Divisions letter No.A/6419, dated 29th June 1938.
2. Superintending Engineer, Northern Circle's memorandum No. G.117/5688, dated 6th July 1938.
3. Executive Engineer, Surat and Broach Division's letter No.A/7256, dated 21st July 1938.
4. Executive Engineer, Presidency Division's letter No. SP/1006, dated 20th September 1938.

2. In these circumstances, I would request you kindly to move Government to fix a monetary limit of Rs.50 a year to incur petty and incidental expenditure upto Rs.1 in each case of supply or transfer of articles of tools and plant to other Divisions by each Executive Division including the transactions relating to the Mathematical Instrument Depot, in order to obviate the difficulties experienced by the Executive Engineers in transfering the petty expenditure from one Division to another.
